

Types of Projects Funded by MNREM

- Curriculum development (9)
- Youth/adult career awareness (7)
- Tuition support (5)
- Skills training - renewable energy (4)
- Energy-efficient housing (3)
- Teacher training/mentorships (3)
- Incumbent worker training (3)
- Youth/adult internships (3)
- Leadership training (2)
- Entrepreneurship (1)
- High school-based ethanol production facility (1)
- Wind energy technician program (1)
- Energy careers website/electronic magazine (1)

*Many of the projects have multiple foci and outcomes. Renewable energy and related focus includes wind, biomass, biofuels, ethanol, solar, mechatronics, advanced manufacturing supporting renewable energy, energy-efficient mechanical systems, bioscience.
